

Warrick County School Corporation

Snow Day Assignments

Grade K-1

Complete one activity from each row per snow day. This choice board is due upon your return to school. Parents-please verify by signing and dating the boxes that your child completed (one from each row). One snow day = one activity from each row; two snow days = two activities from each row, etc.

| 1. Count how many cylinders are in your pantry or cupboard (A cylinder is the shape of a can.) | 2. Draw shapes on pieces of paper or notecards. Go on a scavenger hunt to find objects around you with those shapes. Categorize and sort the objects then count and compare how many you have in each category. | 3. After reading a story, illustrate and/or write the next chapter or book. Read it to a family member. | 4. Collect objects from around the house. Say the beginning sound of that object and then state the letter name. | 5. Create a yes/no question to ask your family members (e.g. Do you like pizza?) Make tally marks to collect the data. | 6. Gather some household objects (e.g. pencils, crayons, LEGOs, cotton balls, rubber bands, pennies, paper clips) and a shallow container of water. Predict if the objects will sink or float. Then, test it out! | 7. Count the number of steps it takes you to get from the kitchen to the living room. How many steps did it take? |
| Communication | | | | | | |
| 8. Write in your journal about how you are feeling today. | 9. Ask family members to tell you about snow days they remember. | 10. Pretend you are a news reporter and walk around reporting on things happening in your house, and what will happen later. (e.g. Today in Susie's house.... Coming up next...) | 11. Think about your year spent in kindergarten or first grade. What was the best part? What was the worst part? What would you like to tell your teacher? Write and draw about it, then share it with a family member.. | 12. Describe traits or give clues for community helpers (e.g. police officer, fireman, doctor, scientist, plumber, teacher) and see if family members can guess the job. | 13. Write three thank you notes to your friends. | 14. While reading a picture book, explain what is happening in the story before reading the words. |
| Creativity | | | | | | |
| 15. Use things you find outside like rocks, sticks, leaves, pinecones etc. to create a design on the ground outside. If you wish, take a picture to save the memory and share with your teacher if you wish. | 16. Draw a picture of your favorite animal. Label all the parts and write, "My favorite animal is <insert animal name>". | 17. Record yourself lip-syncing to your favorite song. Bonus: include some choreographed dance moves! Or perform it for a family member! | 18. Turn a cardboard box into anything you want. Decorate the box to look like whatever you imagine. | 19. If you could give one gift to every single child in the world, what gift would you give? Create a drawing or playdough representation of what it would be. | 20. Make an instrument out of materials found around the house, then play your instrument for your family. (Ex: A maraca from a toilet paper roll.) | 21. Imagine what it would be like to have a superpower: For example, if you could be invisible for a day, what would you do? Draw a picture or write a story about it. |
| Critical Thinking | | | | | | |
| 22. Think of a story you know well and retell it from another character's point of view. For example, in the story of Little Red Riding Hood, tell the story from the wolf's point of view. | 23. Observe an animal for one minute. Write down three things you observed. If you do not have an animal or do not see a wild animal outside, you can watch a video online of an animal and then complete the task. | 24. Create a new recipe. Make a list of the ingredients you'll need to make this recipe. Draw pictures showing how to make it. | 25. Design a new board game. What is the game called? What are the rules? How many people can play? Draw a picture of your game and explain the rules to a family member. | 26. Help sort laundry by who it belongs to, then help fold and put away your laundry. | 27. Play a game of "I Spy" or "What Am I?" with a family member. | 28. Predict the ending of a story you are reading. |

Collaboration

|---------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 29. Play a board game or card game with family members. | 30. With a family member create a taste test. Blindfold the taster and see if they can name what they are tasting. Now switch places and see if you can name what they give you. | 31. With multiple family members, plan and put on a family talent show. What hidden talents do your family members have? | 32. Call a grandparent, relative, or friend. Ask them to teach you the words to a song they like. | 33. Build a fort out of blankets and chairs. Invite family members in your fort to tell stories. | 34. With a family member look up some magic tricks and try to perform them together. After you've learned some tricks, put on a magic show for the family. | 35. Use materials you find like paper, crayons, etc, to make a thankfulness tree to hang in your home. Take turns letting each family member write something they are thankful for on a leaf of the tree. |
|---------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

Wellness

| 36. Create an obstacle course using items from around the house. Ask a family member to time you as you complete the course. | 37. Try all of the following and decide which one helped you feel the best: Take a walk Belly breathe Stretch Rest for 10 minutes Drink a glass of water | 38. Have a "freeze party" with your family or mates. Play some music and start your fancy dance. Once the music has stopped, freeze and don't move. Were you able to dance with others using your parents or your phone? | 39. Red Light, Green Light – kids move on the green light and stop on the red light. Don't get caught moving on the red light. | 40. Draw a picture to brighten someone's day. Put it in their mailbox. How did it make you feel to bring joy to others? | 41. Draw a picture of what you think kindness looks like. | 42. Try moving around like these animals: Chicken, snake, horse, dog. Try without making noises to see if someone can guess! |
