General Policy

The Board of School Trustees of the Warrick County School Corporation believes that interscholastic athletic programs can be an integral part of the total school program for each student who desires to be a participant.

The Warrick County School Corporation Athletic Code provides guidelines for students, such as, but not all inclusive, cheerleaders, drill team members, team managers and any participant in the athletic program.

The Board of School Trustees endorses the concepts of specific objectives for the student athletes such as good sportsmanship, proper habits of health, hygiene and safety, the development of new skills, and the commitment, dedication, loyalty, and self-discipline for each individual who is involved in the athletic program.

It is also considered by the Board of School Trustees that interscholastic participants understand and comprehend that these athletic activities are secondary to the regular school program of studies, and are intended to supplement the total learning program of all participants.

The Board of School Trustees considers academics as the only reason for retention. Under no circumstances will athletics be a determining factor in retention. Retention will occur upon recommendation of the teacher, and/or counselor, with the approval of the principal, except when mandatory by ISTEP rules. A parent consultation will be held and parent opinion will be considered before the final decision is made. Recommendation for retention initiated by a parent will be considered on the same standards as recommendations made by school staff.

In accordance with the philosophy of the Board of School Trustees, the Superintendent of Schools is directed to establish and implement appropriate regulations pertaining to this policy.

Philosophy: The Warrick County School Corporation believes that interscholastic programs can play an important part in the total school curriculum. Participants, through self-discipline and mental and physical conditioning, may improve their personal development on an extracurricular and voluntary basis. All Warrick County junior and senior high schools, in their athletic programs, shall extend the privilege of participation to all students. When a student accepts this opportunity, then with it comes certain responsibilities, as stated in the Warrick County Athletic Code.

Objectives: The athletic program provides participants with opportunities:

1. To learn to strive for excellence.
2. To observe and exemplify good sportsmanship.
3. To meet the urge for competition, which is a basic American tradition.
4. To practice proper habits for health, hygiene, and safety.
5. To learn new skills and develop them to maximum effectiveness.
6. To engender friendship both with teammates and opponents.
7. To provide experiences in commitment, dedication, loyalty and self-discipline.
8. To stimulate school spirit by involving students other than athletes.
9. To instill immediate interest and personal meaning into the daily lives of athletes and family members; this interest can enhance the participant’s total educational well-being.
10. To develop a positive self-image and personal pride among individual participants.

ADOPTED: 8/25/88
Responsibilities: Coaching staff members employed in the Warrick County School Corporation junior and senior high schools shall distribute the Warrick County Athletic Code and any written training rules to all student athletes and parents at the beginning of each new season.

Coaches are expected to instill in student athletes the principle that participation in athletics is a privilege, not a right, and that a privilege mandates acceptance of corresponding responsibilities.

The ultimate goal for each student athlete is to always be a credit to his/her parents or guardians, school, teammates and community.

Parents or guardians are encouraged to support the Warrick County School Corporation Athletic Code in order to form a common bond between the home and school.

Student Athletes are expected to:

1. Strive to do their best academic work in the classroom.

2. Demonstrate high standards of social behavior and sportsmanship.

3. Always respect persons of authority.

4. Maintain a spirit of cooperation and helpfulness with their fellow participants.

5. Be aware that participation in an athletic program is a student privilege and not a guaranteed right.

6. Follow rules and regulations established in the Warrick County School Corporation Athletic Code.

7. Maintain the highest possible health standards.

8. Accept and abide by the Athletic Code twelve (12) months of the year.
