

## M & M Magic

Come explore the world of everyone's favorite candy, M & M's. Watch them melt in your mouth not in your hands! Design your own M & M man. Paint with them. Find out if they sink or float. Create a snack with them. Investigate the colors and discover which occurs the most often. Don't miss out on this "Sweet" class!

Instructor: Shari Barnett

**Grades 1-5**

## Passports & Postcards

Are you ready to travel around the world in just five days? Get your passport out and ready to go! In this summer session, you will travel to various countries to learn how to speak foreign languages; make cultural cuisines like salsa, pizza, and candy sushi; create fun crafts specific to each country such as origami, pinatas, and mosaics; listen to music; and much more! If you're ready for an adventure, Passports & Postcards is the class for you!

Instructor: Emily Opell

**Grades 1-5**

## Weird Science

Do you love science experiments? If you do, then this is the class for you. Have you ever wondered how strong spaghetti noodles are, well we will find out in this class. We will also be making bouncy balls, erupting art, and elephant toothpaste. We will also see if we can make water glow. These are just a few examples of the experiments we will do during this fun-filled week of science. I hope to see you there!

Instructor: Jody Bender

**Grades 1-5**

## ALL ABOARD!

June 3<sup>rd</sup>-7<sup>th</sup>, 2019

8:00 A.M. – 11:30 A.M.

### Schedule

7:45 - 8:00: Arrival and Check In

8:00 - 9:30: Sessions I

9:30 - 10:00: Break and Snack

10:00 - 11:30: Session II

### Oakdale Elementary

802 South 8th Street

Boonville, IN 47601

Email questions to:

[OSEoakdalesummerexpress@gmail.com](mailto:OSEoakdalesummerexpress@gmail.com)

## Pix-ney

Welcome to the wonderful world of Pix-Ney! Spend a week exploring the wonderful world of Pixar and Disney films. Each day we will choose a different movie while having fun making crafts, playing games, and being silly. So if you enjoy Disney and Pixar films, then this choice is for you. All ages are welcome! :)

Instructor: Cassie Allen and Kandace Batts

**Grades 1-5**

## Art: The Wonderful World of Color!

Students will be using different materials to create fun art projects that display bright, bold colors. Students will learn to draw and paint, make suncatchers, create wind spirals, and much more! If you enjoy fun art projects, this is the class for you!

Instructor: Meagan Emerson

**Grades 1-5**

## Experimental Scientist

Make a hot air balloon fly. Cool objects with liquid air and see how their properties change. Build an electric motor from scratch. Make a musical instrument and take it home. Learn about sound and light and also about ears and eyes. Each day you will explore a physical science theme that will open your mind to electricity, chemistry, flight, vibrations, waves and sound and finally optics and light. This course moves pretty fast, so make sure you get a good night's sleep.

Instructor: Thomas Dahlquist & CHS Science Club

**Grades 1-5**

## Whip it Up!

Welcome CHEFS! Are you up to the challenge of creating tasty snacks and yummy desserts?

Then WHIP IT UP is the class for you! Yummy smoothies, ice cream, pancakes, CHOCOLATE GALORE and MORE! Put on your CHEF hat and get creative- there might even be a ptize or two! We will cook up delicious eats and treats this summer.

Instructor: Erica Meier

**Grades 3-5**

## **CSI: Who Dun It?**

A crime has been committed at Oakdale Express, and everyone is depending on YOU, the crime scene investigators taking this fun, forensic science class, to undercover the truth! We will be building lie detectors (polygraphs) to question suspects about their involvement in this crime. We will be taking fingerprints as well as brushing for fingerprints, extracting DNA from cheek cells, and possibly even have a visit from a police dog to help us in our investigation. Be ready to find your inner Sherlock and learn the science behind solving crime!

Instructor: Shannon Hart

**Grades 3-5**

## **Princess Camp**

Students will spend the first part of the week doing princess themed activities that integrate science and visual arts. The end of the week will be spent learning table manners and proper etiquette for setting the table. We will put our knowledge to the test with a Tea Party on Friday.

Instructor: Elyse Rumble

**Grades 1-5**

## **Learning Art like the Masters!**

Again this year children will be recreating the art of classic masters with all new pieces and styles. Additionally your child's artwork will be displayed publicly at local locations such as McDonald's, Miller's 5 & 10, Walmart and the Warrick County Library. Don't miss this chance for your child to show off their hard work.

Instructor: Gary & Anita Young

**Grades 1-5**

## **Dive in to Kindergarten**

We will dive right in to multiple skills that will prepare your child for kindergarten. Letter identification, letter sounds, numbers, shapes and colors are just a few of those skills. We will work on these while learning about oceans and the creatures that live within them. This class will be a great opportunity for your child to see what kindergarten will be like while exploring and having fun this summer. We will be learning through hands-on activities like scavenger hunts and water games.

Instructor: Heather Schnur & Kailey Cohen

**Kindergarten Class**

## **Flip, Twist & Dance**

Do you love to dance? Do you like gymnastics? If so this is the class for you. Students will learn a variety of gymnastic skills such as rolls, poses, flips and dance skills that they will combine into a choreographed dance routine at the end of the week. Come shake it aboard the Oakdale Express.

Instructor: Danielle Slaton

**Grades 1-5**

## **Super Summer Science**

This class will combine a love of science with summertime fun! We will complete a variety of hands-on activities. Throughout the week, we will create: sand slime, ice cream in a bag, Cheerio bird feeders, s'more ovens and even a watermelon volcano! Come ready to learn, explore and have lots of summer fun!

Instructor: Jessie Borden & Brooke Wadsworth

**Grades 1-3**

## **Natural Disasters**

Have you ever wanted to touch lava or create a tornado? If so, then this is the class for you. Students will experience the thrill of natural disasters through hands-on science. They will discover how the disasters happen and how to be better prepared for them. They will have fun doing experiments that include creating their very own tornadoes and exploding volcanoes. We might even experience our very own blizzard! Don't be left out in the storm, come experience natural disasters with us.

Instructor: Dana Heldt

**Grades 1-5**

## **Games Galore**

Do you like to have fun and play games? Join Games Galore for fun and more. Students will get to do a variety of games including variations of tag, basketball, and soccer. They will also get to make their own obstacle course and play parachute games.

Instructor: Laura Schnur

**Grades 1-5**

## **Stories & Crafts**

Students will hear a story each day (practice retell, naming characters and identifying setting---shhh!) and make a craft that goes along with the story.

Instructor: Karen Freeman

**Grades 1-2**

# ALL ABOARD!

## **Enroll Today!!**

Students will select their top 3 choices based on classes available to their grade level. They will be enrolled in 2 sessions. We will divide the students in an effort to balance the classes and increase the chances for each student to get their top picks. We also make every effort to accommodate any special requests (such as class with certain friends) when dividing students into their classes. We will be in contact if there are any issues with your child's enrollment. All enrollment confirmations and program details are sent via email so please choose the email address you check most frequently.

*Turn in to your school office to reserve your spot! Class size is limited so sign up early!*

## ***-T-SHIRTS-***

This year t-shirts are available for purchase at \$10 per shirt; this is **OPTIONAL**. If you choose to order please indicate what size(s) you need on your registration form in the space provided. Shirts are not available after the enrollment deadline of May 10<sup>th</sup>. You may write one check for registration (multiple children may be on the same check) & any shirts purchased. Shirts will be available the 1<sup>st</sup> day of camp.

**Check out Oakdale Summer Express online. Just click the "Summer Express" tab on Oakdale Elementary School's website to view program details, pictures from previous years, application, and contact info.**
